EDx

- Acquired the fundamentals of programming using Python through an Edx course.

Projects

- **Developed the 'Kredim ile Öde' Application:** Took full responsibility in developing a third party checkout payment application in collaboration with Akbank, enabling users to make payments using my company's own product, Kredim, through Akbank platforms.
- **Created an Cross Origin Api Using Nextjs 13:** Developed a full stack Nextjs App which provides both an cross-origin-api and ui to test the api endpoints for the frontend case we send to applicants at our company. The application contains Next.js APIs that can work across origins, allowing candidates to test and consume the APIs in their case projects through a frontend interface similar to Swagger.
- **Back-Office for Param:** Played an active role in the development of the company's back-office project.
- **Developed New Customer-Centric Features:** Played a pivotal role in identifying and addressing customer needs within our flagship apps, including Kredim, Param, and Finrota.
- **Sprint Leadership for Back Office Project:** Led and managed agile sprints for the company's back-office project, ensuring efficient development and delivery.
- **E-Billing App Development:** Spearheaded the development of an e-billing application using React.js and Redux. This app, known as RTQ, empowered company accountants to efficiently manage, track, and report bills.
- **Website Development with Next.js and Contentful CMS:** Took the lead in crafting our company's brand-new website using Next.js in conjunction with Contentful CMS. Explore the result at [ParamTech Website](#).
- **Mobile Responsiveness Transformation:** Successfully transformed one of our banking web applications into a fully mobile-responsive platform. Experience the mobile-friendly interface at [Isube Banking](#).
- **Next.js and Typescript Website Development:** Designed and developed various company websites using Next.js and Typescript, ensuring a modern and efficient web presence. Examples include [Param EU](#) and [Param UK](#).
- **Gatsby.js Blog & Landing Page:** Created an engaging blog and captivating landing page using Gatsby.js and Netlify CMS. Discover the content at [Blog](#).
- **Next.js, Three.js, and Tailwind Landing Page:** Crafted a visually appealing landing page using Next.js, Three.js, and Tailwind CSS. View the design at [Oblomov Media Landing Page](#).

Language Skills

- **English:** Advanced
